

# Creating a Voicemail Greeting on your iPhone

**Step 1: Open the Phone App >** 

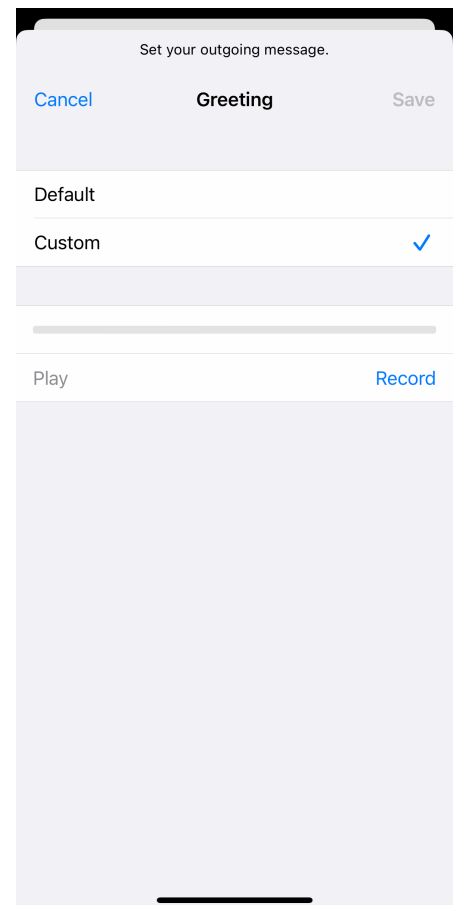

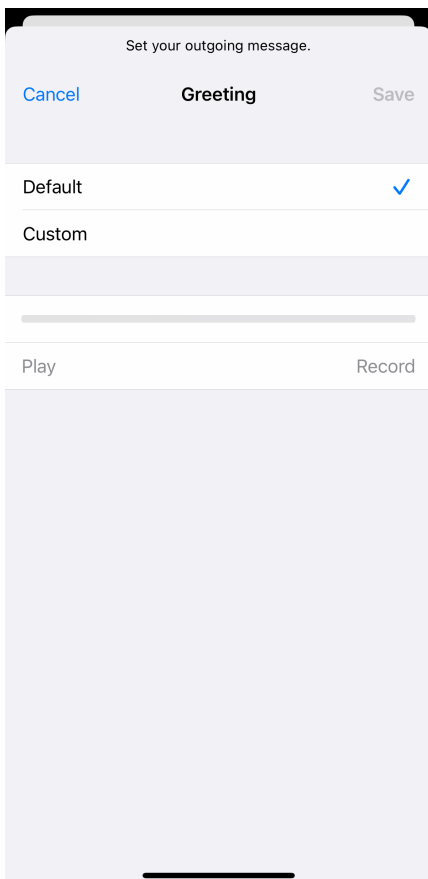

**Step 2: Select Voicemail >**

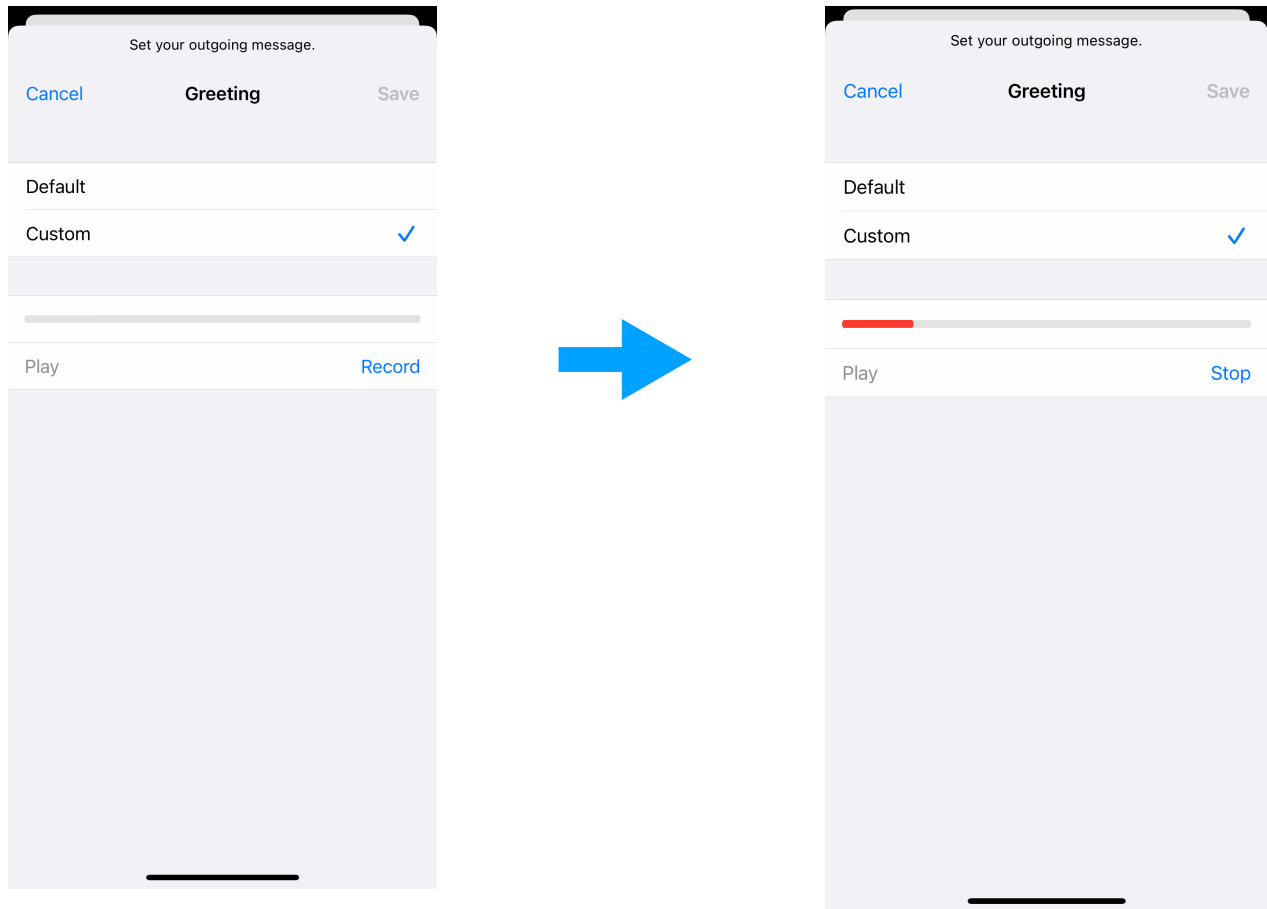

**Step 3: Select Greeting (top left corner) >**

**Step 4: Select Custom (your phone is set to Default automatically)**

**Step 5: Select **Record** and begin your message. When finished select **Stop****

**Step 6: Select **Play** to play back your recorded greeting. If satisfied, select **Save** to save your recording. Close the app and you are done.**

(If you are not satisfied with your message select Record and it will replace the current recording and create a new greeting.)
